

Media and Top Influencers Tee Off at Inaugural Media Cup 2025

A unique blend of competition and collaboration unfolded on 3 December 2025, at Tasik Puteri Golf & Country Club with the successful staging of the inaugural Media Cup 2025. The event brought together representatives from Malaysia's mainstream media and leading golf influencers for a friendly yet competitive tournament set against the club's award-winning 27-hole course.

Designed to strengthen relationships across traditional and digital platforms, the Media Cup saw participants competing in mixed team formats, novelty challenges and pair categories, fostering camaraderie both on and off the greens. The tournament also marked a milestone for the club, following its recent recognition as Best Public Golf Course and Best Tourism Golf Destination in Malaysia at the Tourism Industry Awards 2025.

The positive response to the event has reinforced plans to make the Media Cup an annual signature tournament, further positioning Tasik Puteri Golf & Country Club as a vibrant hub for sporting excellence and engagement. Initiatives such as this continue to enhance Bandar Tasik Puteri's profile as a destination that blends lifestyle, recreation and community connection.

BTP extends appreciation to educators at SMK Bandar Tasik Puteri

Bandar Tasik Puteri (BTP) continued its support for the local education community by contributing to a teachers' appreciation programme organised by Sekolah Menengah Kebangsaan Bandar Tasik Puteri (SMK BTP). The initiative formed part of Majlis Pesona Kasih: Simponi Kenangan & Penghargaan Warga SEMETRI 2025, held to recognise the dedication and commitment of educators and staff.

The programme, organised by the school's Teachers and Staff Club, honoured individuals who have contributed tirelessly to the school community throughout the year. As part of the initiative, BTP extended its support through the contribution of appreciation hampers, reinforcing its commitment to community engagement beyond township development.

Education institutions play a vital role in shaping strong, resilient communities, and continued collaboration between schools and township stakeholders helps foster a supportive environment for both educators and students. Through initiatives such as this, BTP reaffirms its belief in recognising everyday contributions that strengthen the social fabric of the township.

Maulidur Rasul procession held in Bandar Tasik Puteri

Bandar Tasik Puteri (BTP) marked the celebration of Maulidur Rasul with a community procession held in conjunction with the local mosque, Masjid Bandar Tasik Puteri. The programme, organised with the necessary approvals from the authorities, brought residents together in a meaningful observance commemorating the birth of Prophet Muhammad (peace be upon him).

The procession took place on 5 September 2025 from 7.00am to 12.00 noon, following a designated route within the township. Safety and crowd management measures were implemented in accordance with guidelines set by the police to ensure the smooth conduct of the event.

The annual observance reflects the strong community spirit within Bandar Tasik Puteri, where cultural and religious occasions continue to be observed in an inclusive and orderly manner. Such events play an important role in fostering unity and shared values among residents, reinforcing BTP's identity as a mature township grounded in community life and mutual respect.

ARMANEE

A new chapter in family-centric living

Armanee marks new milestone in Bandar Tasik Puteri

A new chapter in landed living took shape on 9 November 2025 with the official launch of Armanee, Low Yat Group's latest residential development in Bandar Tasik Puteri. The full-day event drew strong interest from homebuyers, families and investors, who gathered to experience the newest addition to the growing residential enclave within the township.

Guests were welcomed to a thoughtfully curated programme featuring the official launch ceremony, guided show unit tours and a range of interactive activities, including moss art and floral resin workshops, digital mind challenges and instant photo keepsakes. The event reflected Armanee's emphasis on modern family living within a green, community-focused environment.

Comprising 258 two-storey terrace homes within a gated and guarded neighbourhood, Armanee builds on the evolution of Bandar Tasik Puteri as a mature, self-sustained township. With landscaped parks, a private residents' clubhouse and strong highway connectivity, the development underscores Low Yat Group's ongoing commitment to creating liveable, well-connected communities designed for long-term value.

Low Yat Group and MPS: A Shared Commitment to Community and Legacy

Low Yat Group is honoured to be part of the publication of the Kelab Ahli Majlis MPS (Majlis Perbandaran Selayang) Coffee Table Book as its Platinum Sponsor, contributing RM50,000 towards this meaningful initiative.

The Coffee Table Book beautifully captures the spirit, vision, and dedication of the MPS Council community. It reflects the unity, commitment, and progressive leadership that continue to shape a brighter and more sustainable future for the city and its people. As a commemorative platform, the publication celebrates remarkable achievements while upholding enduring values of teamwork, service, and community excellence.

Aligned with its values of partnership and sustainability, Low Yat Group shares the aspiration of fostering collaboration and driving positive change that leaves a lasting legacy. This support underscores the Group's commitment to initiatives that strengthen relationships with local authorities and contribute positively to community development.

Hearfelt congratulations are extended to Kelab Ahli Majlis MPS for this inspiring initiative and their continuous efforts in uplifting community spirit. Through collective collaboration, this publication stands as a testament to shared values and a vision for a more connected future for generations to come.

BTP advances township-wide green initiatives

Bandar Tasik Puteri (BTP) continues to strengthen its environmental stewardship through ongoing green initiatives aimed at enhancing long-term sustainability within the township. In line with its ESG commitments, BTP has been cultivating seedlings and progressively planting more trees across key areas, supporting the preservation and expansion of its green landscape.

These efforts form part of a broader approach to creating a balanced living environment, where natural spaces are integrated into everyday community life. Tree planting and seedling cultivation help improve air quality, reduce heat build-up and reinforce ecological resilience, while contributing to a more comfortable and liveable township for residents.

As one of Rawang's established townships, BTP has long prioritised green buffers, parks and landscaped corridors as essential elements of its planning philosophy. The continued focus on greenery underscores BTP's commitment to responsible development – one that supports environmental well-being alongside community growth.

Through consistent, on-the-ground initiatives, BTP reinforces its vision of a township designed not only for today's needs, but for the generations to come.

Supporting community clean-up initiative at Acacia Park

A spirit of collaboration was on display at Acacia Park Phase 4 with the successful organisation of a community gotong-royong programme, supported by Rawang Lakes Sdn Bhd. The initiative reinforced ongoing cooperation between township management and residents in maintaining a clean and well-managed neighbourhood.

Held on 7 September 2025, the clean-up effort saw Rawang Lakes Sdn Bhd providing logistical support, including a lorry, workers and equipment, to facilitate the activities. The combined efforts of residents and organisers enabled the programme to be carried out efficiently, contributing to improved cleanliness and upkeep across the area.

Community-led initiatives such as this reflect the shared sense of responsibility within Bandar Tasik Puteri, where collaboration between residents and stakeholders continues to play a key role in township upkeep.

Public transport access enhanced within BTP

Public transport connectivity within Bandar Tasik Puteri (BTP) has been strengthened with the completion of a new bus stop near Pangaspuri Azalea. Strategically located at Jalan Lembah Hijau, Bandar Tasik Puteri, this development comes alongside efforts to activate additional bus stops across the township. The initiative supports safer and more convenient access to public transport for residents, students, and the wider community.

The bus stop is now operational and forms part of broader efforts to enhance mobility within BTP, reducing reliance on private vehicles while supporting a more connected township. With public infrastructure continuing to evolve in tandem with residential growth, BTP reinforces its position as a well-planned, liveable community with accessibility and convenience at its core.

BTP supports school-led community programme at SK Tasik Puteri 2

Families, students and residents came together on 25 October 2025 for the Book Fun Run and Mini Karnival organised by Sekolah Kebangsaan Tasik Puteri 2 (SKTP2), a school-led initiative supported by Bandar Tasik Puteri (BTP). The programme offered a full day of activities centred on literacy, wellness and community bonding.

The event featured three main components – a fun run and walk, a school carnival and an evening wayang pacak – providing a lively platform for participation while raising support for school initiatives. As part of its ongoing commitment to educational and grassroots engagement.

The initiative highlights the close partnership between the township and its surrounding schools, reflecting a shared emphasis on nurturing inclusive and connected neighbourhoods. Through continued support of community-driven programmes, BTP plays an active role in strengthening ties between residents, schools and local stakeholders, reinforcing the township's focus on building relationships that extend beyond the physical environment.
